NEWPORT DAILY NEWS.

WEDNESDAY, NOVEMBER 4, 1846.

Agreeable to a vote of the town, at its late meeting, the Council have established a night watch, to go out at 10 o'clock.—We have heard complaints from a number of our citizens, that the hour fixed upon is not early enough; and we would suggest to the Council, at the request of several, that if the watch are directed to commence their rounds at seven or eight o'clock, much of the noise and disturbance in our streets, during the evening, by uncivil boys and fighting characters, will be prevented.

THE STEAMER RHODE ISLAND NEARLY LOST.—The steamboat Rhode Island, Capt. Manchester, left Stonington for New York, on Saturday night last, at 12 o'clock; (her usual time of leaving Stonington, is 9 o'clock, but owing to the violence of the wind at that hour, it was thought inexpedient to venture out.) After she had got into the sound, they found the sea very rough, and the wind blowing a gale, and on the increase. About 6 o'clock the next morning, when off Huntington light, a sea struck her under the larboard quarter, which broke the rudder completely off, so that she was unmanageable. Two seas immediately followed, in quick succession, which made a clean breach over her, straining her so much as to brake nearly all the main braces, and shifting her freight so as nearly to throw her on her beam ends. The freight on her starboard quarter was immediately thrown overboard, which enabled her to right again. The machinery was kept in motion during this time, and the boat running in towards the land. At about 7 o'clock, the anchors were let go, while she was about half a mile from shore, and about five miles east of Huntington light. A large crowd of people assembled on the shore, but they could render no assistance, on account of the violence of the gale. The life boat was got out, but was soon dashed to pieces, and it was with great difficulty that those who were in it were saved. A letter was then sent ashore in a bottle attached to a barrel, requesting that an express might be sent to New York for assistance, which request was complied with. About 1 o'clock another message was sent ashore in the same way, requesting that lights might be kept on the beach all night. Monday morning the steamer Mohican was dispatched to take off her passengers. She is much damaged, and had thrown about half her freight overboard. No lives were lost.

A CHANCE FOR THE DROVS.—\$500 REWARD.—We have received a long document from Mr. Milton Hunt, of Greensboro, North Carolina, stating that his dear wife Mary had decamped with one S. P. Coffin, and offers \$500 reward for their apprehension. His dear wife Mary ought to go right straight home, and take care of her babies, and not be running off with other men.

We hope the next time Mr. Hunt's wife Mary runs away, and he wants to inform of the fact, he will recollect and pay the postage.

DISASTERS TO NEWPORT VESSELS.—The ship William Edga, Capt. Bots, from New Orleans for New York, with a cargo of cotton, pork, and lard, went ashore on Friday morning last, on Squam Beach, which we believe is somewhere in the vicinity of Sandy Hook, on the New Jersey shore. Her cargo will be saved. She was owned by Messrs. Marshall & Castoff, and was insured at the Sun Mutual Office, in New York, for \$8000.

The brig Echo, Capt. Smith, was sunk, while lying at the wharf at Havana, in the gale of the 11th. The brig Lisbon was also at Havana at the same time, and was considerably damaged. They are both owned by J. A. Peckham, Esq.

Capt. A. Williams, his daughter, and her youngest son, are the persons who were lost at Key West, that belonged in this town. We stated it wrong yesterday.

We have been favored with the perusal of a letter from Key West, dated Oct. 15th, giving an account of the terrible storm which occurred there a few days before. It contains no additional particulars to those which we have already published, but describes the awful scene very minutely. The water was about four feet deep through the town, and the current ran at so rapid a rate that stone houses were not able to resist its devastating power. Everything is in ruin, and the streets are so completely piled up with the wrecks of houses, churches, and all kinds of buildings, as to be entirely impassable, and the inhabitants were endeavoring to seek a shelter amid the general wreck of the place. A great many lives were lost, and the scene of desolation utterly baffles description.

The father of the Hon. John Estlin, of Burrillville, R. I., died at the age of 78 years, and his mother at the age of 86 years. He has eight brothers and sisters living, whose ages, including his own are as follows:—Joseph 93 years, John 85, Henry 83, Joanna 93, Martha 91, Jeremiah 88, Marcy 76, Salome 73, Amey (the baby) 70—average 84 years. Oh, Methuselah!

ANOTHER PLAN.—A gentleman of Washington is about proposing to the Navy Department to blow up San Juan d'Ulloa by contract. His plan is neither mining nor undermining, nor starving out, nor bombarding, nor storming. He proposes to use a single ship, and yet to stay on board all the time, and not fire a single gun, and yet to blow that castle into splinters!

The next Congress commences on the 4th of March, 1847. The recent elections have rather altered the balance of power in both houses, so far. In 1844 these States gave 50 Democrats and 25 Whigs; this year 41 Democrats and 36 Whigs.

THE LATE GALE.—The hurricane of the 11th ult. extended to Havana, and fifty vessels, it is said, were lost in the harbor. It caused as much destruction in the port and on the coast of the Island as the tempest of the 4th of October, 1844.

There have been twelve or fifteen shocks of earthquakes in the island of Trinidad lately. Some of them are said to have been more severe than any that have been felt there for many years. Much damage was done to buildings, and the ground was cracked in several places.

A million pounds of cheese were exported to Great Britain last week.

A large quantity of potatoes from France is expected to arrive in this country shortly.

We are authorized to say, that at the request of many persons, who were unable to visit the new Hall of Ocean Lodge, opposite the Custom House, last week, that it will be opened again this evening, for inspection. The public are invited to attend.

The Ladies will find a notice in our advertising columns addressed to them, which they should read, and after reading, act; if they do not, they never will accomplish anything in this praise-worthy undertaking.

On and after to-day, the steamer Roger Williams will leave here at 3 o'clock in the afternoon, instead of half past 3, as heretofore. See advertisement.

MARRIED.

In New Bedford, October 23d, by the Rev. Mr. Kent, Mr. Z. Allen Douglas, of Charleston, S. C., and Miss Nancy M., daughter of R. Ward, Esq., of New Bedford.

Bath, Me., April 20, 1844.

Mr. F. Brown, Dear Sir: I am much gratified in having an opportunity to announce to you, that, by the use of three bottles of your Sarsaparilla and Tomato Bitters, I have been, from a stage of general debility and decline, and continual suffering, restored to the enjoyment of good health. For a number of years I have been troubled with the Liver Complaint, so badly at times, as to prevent my attending to business, and Dyspepsia followed, with loss of appetite, weakness and debility and a sinking and oppressive sensation at the stomach most painful and distressing, which gradually decreased my strength, and led me into a decline, and debilitated me so much as to occasion fears for my recovery; while in this situation I was induced by the persuasion of a friend, to make a trial of your Bitters, and was most happily disappointed in finding an immediate relief; and before I had taken the contents of the first bottle, I had obtained a comfortable state of health, and before I had used three bottles, I enjoyed better health than for a number of years. This was about two years since, and my health has continued good till the present year. I must say that I have not much confidence in patent medicines, but I am satisfied, from the wonderful effects of your Bitters in my own case, and of friends whom I have induced to use it, that it is a valuable medicine, and I take much pleasure in recommending it to my friends and acquaintances, and indeed to all who are thus afflicted, as well worthy a trial. I remain yours, Oct 23 2w PELEG SPRAGUE.

Bogle's Hyperion Fluid is becoming immensely and deservedly popular. It is unquestionably superior to any thing of the kind now in use, and those who will admit it, who may test the matter, Ladies who wish the very best article in the world to give the hair beauty and natural gloss, as well as to give it a satisfactory set, should try the Hyperion Fluid. We mean just what we say, and have no fears of having the matter tested. Bogle is no less skillful and happy in his style of dressing the hair. Put your head in his charge, and see if this be not true.—*Star* Aug 21 2w

A certificate from the Hon. Samuel Quarles, who is well known throughout the N. E. States. Mr. James Kidder, Jr.—Dear Sir—I have enclosed a certificate in recommendation of your Dandelion and Tomato Panacea, which you are at liberty to publish if you think proper.

To the Public.—I have suffered much for a number of years last past with the Liver Complaint, Dyspepsia, &c., and have taken various medicines, none of which effected a cure, until I took five bottles of James Kidder, Jr.'s Dandelion and Tomato Panacea, which, under the blessing of God, has restored me to comparative good health, being over 78 years of age. I can with confidence recommend said Panacea to the public as a valuable medicine. (Signed) SAMUEL QUARLES.

Bogle's Hyperion Fluid; Or Vegetable Hair Composition.

THE subscriber has been induced, to bring this article before the public, at the request of his numerous customers, among whom are physicians and citizens of the first respectability, who have adopted its use in their families, and wish others to participate in its advantages.

The Hyperion is composed of vegetable ingredients, the secret of compounding and blending which is known solely to the subscriber. It is an article in which a cleansing and purifying wash is beautifully blended with a most delicate, silky and glossy moisture never before attained, yet free of animal grease or essential oils. It clears the pores of the skin, causes a healthy action in the blood vessels, nerves, &c., which feed the hair, thereby preventing **BALDNESS AND GRAY HAIR.**

It entirely frees the skin from Scurf, Dandruff, and other cutaneous diseases, disposes the hair to curl, and changes the loushest hair into the most soft, glossy, and healthy state, also imparts to it a darker color, and the free use of it, both on the skin and hair, in a most healthy and luxuriant state until the latest period of life.

Ladies will find the Hyperion a great addition to the toilet, both on account of its delicate and agreeable perfume, and the great facilities it affords in dressing the hair, which, when moist with the fluid, can be dressed in any required form, so as to preserve its place, whether plain or in curls.—When used on children's heads, it lays the foundation of a good head of hair.

TO THE AFFLICTED.

DR. BANNING'S PATENT LACE—An immediate Relief to Incipient Consumption, the Bronchitis of Public Speakers, Palpitation of the heart, Dyspepsia, Spinal Weakness, Piles, Prostatitis, and Diseases of Women, without Medicines.

THIS instrument has been examined by Drs. Mott, Rodgers, Francis, and Grison of New York, the faculty of Pittsburgh, Hartford, New Haven and Middletown, and has obtained for itself their favorable testimony. The following will show what kind of testimony might be produced in many cases:

Middletown, June 25th, 1843.

Dr. Boardman, Sir—In answer to your inquiry respecting my case, I will merely say, that I have been sick since I strained my breast and loins in May, 1836, from that time continued to grow worse, when in the fall of '39, I abandoned business, and have not done any thing since. I suppose from all I could learn about my case—frequently raising blood, coughing very hard and expectorating profusely, deriving no benefit from my physicians, and all medicines recommended to me, that my case was hopeless. Last winter my brother told me he had heard a good account of Dr. Banning's Lace in such cases, and was anxious that I should try it; accordingly I procured one from you, and since I began to wear it, my breathing, which was very short and laborious, has become easy and natural; the pain and fluttering or palpitation of the heart has subsided; cough and expectoration greatly lessened; my limbs which were exceedingly painful have become useful, so that I can walk comfortably. I am able to shave myself with comfort, which for many years I have not been able to do. The piles, which have troubled me for nine years, are nearly eradicated. I work some in the garden, and am able to ride 4 miles at once with pleasure and benefit.

Yours, &c. Wm. RANNEY.

Dr. G. M. Boardman, Middletown, June 25, 1843.

Dear Sir—In answer to your inquiries respecting the effect of Dr. Banning's Lace in the case of my wife, I will state that for twenty years past, she has been afflicted with a complication of complaints to which females are subject. She has tried all the physicians and all the medicines recommended for such complaints, without regard to expense, and found only temporary relief. Her most distressing complaints, palpitation of the heart, oppression and a sense of great weight at the pit of the stomach, prostration of the womb, &c., were believed after wearing the lace two hours, and she has continued to improve daily. With this view of the case I cannot use language strong enough to convey my approval of the instrument.

aug. 29th.

STEPHEN BARRETT, JR., PROVIDENCE, Feb. 26, 1846.

Doctor Boardman—Dear Sir—I now take my pen to inform you that my wife's health has improved very fast for the last two weeks from wearing one of your Laces. She has been out of health about two years and has worn a different Supporter from yours, which had only two pains. She received some benefit from that—but it would not produce a cure. But now I can say with pleasure that she is as smart as any of the young girls in the neighborhood. She can now run up and down stairs as fast as I can, and I feel so well pleased with it that I hardly know how or what to write. But one thing I do now, that she has been under the care of seven Doctors in one year—and wearing your Lace two weeks, has or will do the cure in a very short time. I want to write more, but I have no time. I am truly, your friend and well wisher.

Doctor Boardman, proprietor of Bannings celebrated Patent Body Brace, for this state, has taken rooms at No. 8, Broad street, where he may be consulted, free of charge. He is enabled to treat successfully, cases of Rheumatism, Neuralgia, Headaches, Deafness, loss of Voice, Bronchitis, Weakness and curvatures of the spine, and chronic diseases generally. He is enabled to refer to numerous cases in Providence, and this town.

PEACH, Rose, and Orange Flower Water, in large or small quantities, at R. J. TAYLOR'S.

From the Brooklyn Daily Advertiser.

A BEAUTIFUL YOUNG LADY residing in W. street in this city, has received great and unexpected benefit from the use of that excellent specific RADWAY'S CHINESE MEDICATED SOAP. Some few weeks since she was on a visit to some of her relatives in South New Jersey, where she was very severely bitten by mosquitoes, being at the same time very much exposed to the scorching rays of the Sun; she experienced great pain, and irritation from the effects of the mosquito, and much annoyance from the unnatural darkness of her tanned complexion. We recommended her to use that excellent Medicated Compound, RADWAY'S CHINESE MEDICATED SOAP, she complied with our request, and in three days there was not a single spot, blemish, pimple or blotch left upon her skin, and her complexion is now as fair as the lily.

Ladies, secure without delay a cake of this inestimable Soap, it will purify your skin, improve your complexion and remove all disfigurements entirely from the surface of your system. Price 12-12 cents per cake. Sold in Newport by R. J. TAYLOR, Agent.

It is now about ten years since this medicine has been introduced to the public, and it stands unrivalled in its effects, bearing the test of the severe scrutiny of all classes, both friendly and unfriendly. It is but for one purpose;—for the use of Mothers who have to pass through a sea of affliction in giving birth to mankind, not to be described. It is to you we make an appeal. It is for your especial and general good that you should make use of one bottle of the MOTHER'S RELIEF before confinement. Then you can approach the parturient chamber without feeling as if you were going to the chamber of death. You may rest assured it will still all fertile and nervous affection. It soothes and shields from irritation and by its peculiar properties it destroys the cause of hemorrhage or inflammation that so often attend and follow the hour of parturition. It causes sweet and natural rest, and at last facilitates the birth, so that Mothers have not to pass through such excruciating pain and distress. The Mother's Relief may be depended upon in all cases of threatening abortion where it is possible to be prevented in cases of Spasms, &c., causing frequent alarm, from two to three doses will give immediate relief. As the subject is one that cannot with propriety be fully discussed in this public manner, we invite all who feel interested to call on our agents (most of the respectable Druggists in the United States,) or on the manufacturer, and they will be furnished with a pamphlet in which they will find all the facts to form a correct opinion of its merits, (and also the opinions of many physicians of eminence, and of persons who have become acquainted with its beneficial effects.)

CAUTION TO PURCHASERS.—Ask for BARNETT'S Mother's Relief. None is genuine unless our signatures are found within the wreath of the direction that is pasted on the bottle, signed with our own hand, and over the neck of the bottle is a fac simile of our own hand writing also. By attending to the above directions, no one need be imposed upon. All orders will be promptly attended to.

LORRAINE'S PILLS.

All persons require Facts. DR. LORRAINE'S CURATIVE SYSTEM OF MEDICINE is rapidly producing achievements never before known in the cure of diseases. The immensity of its wonderful results, alone, demonstrate that its principles must be founded on truth. The relative proportion of Cures by this Medicine is out of all proportion greater, than by any other Medicine known.

THE THEORY is, that one blood beats in the bosom, and flows through the body of every man, and must be pure, it is the Vital Principle that sustains life.

Physicians, and people of every class are willing to come forward and announce, in the most public manner that they have been cured of long standing complaints—after another medicine had failed. In fact there can be no doubt but that Lorraine's vegetable Pill is the best medicine ever offered to the public.

See a few public statements of men of truth and virtue.

Lynn, Dec. 17th, 1843.

Sir: I have sold all the pills I last had of you, please send another lot immediately. The sale of Lorraine's vegetable Pills is rapidly on the increase, they are becoming very popular. I sell more and more every day. As a curative medicine and purifier of the blood, I think they stand unrivalled. One fact I have noticed, that no one that has used them finds any fault with them; they have wrought some very great cures. One lady, who has been confined to the house and bed, a great part of the time, for *twelve years*, is now cured and able to work most of her time, after having taken 3 boxes only of Lorraine's Pills! I might name many other cases where the cures have been as great, but have not time.

Yours respectfully, J. E. F. MARSH.

Portland, Me., Nov. 7th, 1843.

Sir: Please send us one gross of Lorraine's Pills, we have sold all we had last. They have given very good satisfaction, better than any other pills which we have in our market. I think in a short time they will take the place of others. We have had no fault found with them whatever; but, on the contrary, they have been *praised loudly*. I think we could have quite a number of highly respectable certificates from our citizens.

Yours respectfully, E. MASON.

Chels. a, Jan. 3d, 1844.

Sir: I transmit to you an account of my case for publication, believing it to be my duty. I have been confined with the Rheumatism nearly the whole winter, have had some of the best physicians of Boston and could get nothing that would relieve me more than temporarily. I heard of the wonderful virtue of Lorraine's Pills, I had no faith whatever, but I took them, and it is a sad fact that when I had taken but *eight pills*, my Rheumatism had entirely left me, and I have remained well ever since.

N. B. I never took more than one pill at a time and that on going to bed.

Yours respectfully, W. M. HALSTAD.

OPINION OF A SKILLFUL PHYSICIAN.

Sir, the operation of Lorraine's Pills is past any philosophy to find out, how so small a pill can produce such wonderful effects. I find that one of them will operate more than 3 or 4 of any other pill, yet in their operation, mild, gentle and comforting. On this account, they are more than 100 per cent, cheaper, as physic, than any other Medicine I know of.

These Pills are now acknowledged by thousands who take them daily, to be the only medicine that fairly takes the BANNER from all others. This extraordinary medicine has actually done WONDERS within one year past. They cause no pain or uneasiness of any kind in their operation, and require neither change of diet or care of any kind.

The attention of the reader is respectfully called to the important results from the use of these Pills. It will be seen, however great achievements have heretofore been made by the use of this invaluable medicine, still greater and more remarkable cures daily happen.

TRUTH AND POETRY.

The pathway of wisdom lies in the mean, A vice on each side and a virtue between: There are two ways to poverty; two ways to pain; The midway alone leads to permanent gain; Two ways to death, and two ways to shame; One way to health, and one way to fame; Two ways to vice, and two ways to hell; One way to heaven for those who do well. In this great game of life, from its dawn to its close, There is one way to win, and there's two ways to lose; And hence those who scan mankind and their ways, Find a great deal to blame and but little to praise.

FLIRTING WITH THE LADIES.

'It will never do, Jedediah,' said my uncle Obed Allen to my youngest brother—it will never do—this flirting with all the young girls, and trifling with their guileless affections!

My brother Jedediah was a handsome young fellow. He had a fine person, when his Sunday clothes were on—a clear, black eye, and red cheeks. He wore a pair of whiskers at eighteen. During his vacations our village girls were all in a tumult; all were anxious to have the honor of his attentions—and many an eye has closed, with a tear under its lid, after waiting a whole evening at the window, with the expectation of seeing Jedediah ride up to the horse block. He saw their sly glances at him, as he stood, of a Sunday, in the gallery at church, and led the choir. He knew that they thought him handsome—that he was admired—and he was fool enough to be flattered by such things. His vanity grew at last to be his ruling passion; and he thought the party tedious, when all the eyes in the room were not directed to him.

He spent his vacations wholly with the girls; riding with one, walking with another, and 'setting up' with another. He made declaration in a garland of flowers, and expressed his adoration to every bright eye in the village with a bouquet of the sweetest and freshest rose-buds he could gather.—As long as their admiration had the charms of novelty, he was all devotion; but when that was gone, he flew away like a surfeited bee, to some fresher flower.

At the time Obed addressed him as I have stated, we were sitting at the breakfast table. Jedediah had just returned from a walk among the hills with Isabel Johnson, one of the sweetest girls of our village. As he came into the room, he snapt the dew out of his whiskers with high glee, and sung out at the top of his voice:

'I say Absalom, that Bell Johnson is not to be sneezed at of a damp day. She's a real cauliflower. What a foot she's got? Did you ever see her dance, uncle Obed? You'd think her the shadow of a goesamer, she's so light. Ah, Absalom, my boy, such a tramp as we have had! Such flowers as we gathered! Faith, every time she trod her little hoof upon the violets, there came such a cloud of perfume, you would have thought Madame Flora was lighting up every one of her incense burning altars.—But hark ye! We stopped awhile upon the brink of the ledge on old Chestnut Hill, and looked down upon the water as it tumbled over the milldam. Bell gazed at it,

as if she saw ten thousand naiads dancing minutes upon the bubbles. While she was looking, I took her little paw, so—then I squeezed it gently, so—and whispered in her ear, so. But, uncle Obed, mum's the word—Bell and I know who's who.'

It was then uncle Obed spoke. 'It won't do, Jedediah,' said he, and his voice choked with emotion as he spoke, 'It won't do, I say! All this may be 'strawberries and cream' to such a crazy pate as yours. It may be fine fun to win the heart of such an innocent thing as Bell Johnson, just to throw it away again, like a worthless orange, after you have squeezed all the juice out. But mark my words Jedediah, I have seen more days than you, and observed somewhat of the ways by which Providence brings its righteous ends about. Justice is sure of foot, Jedediah, though slow—mark that.—And for every idle word and deed of yours, there will be a day of account here or elsewhere. It is true, I have seen some precious scoundrels in my day, die quietly in their beds, who deserved to die at the end of the halter. And the preacher says, there is one event to all, both the righteous and the wicked. But observe, my pretty fellow; I never knew a graceless rogue who trifled with a woman's affections, who did not, ever after, find a bitter curse in his cup. Judgement follows hard upon such misdeeds. I believe there is a special woe denounced upon the wretch; and he might as well attempt to fly into the regions of infinite space, as to try to escape it.

'Leave off these wicked ways then, Jedediah, if you would live, to lie down without dreaming of fire and brimstone, or would die without hearing the wail of a broken-hearted one knelling in your ear.—But let this motto be your guide, when you go among the sweet innocent flowers whom God has raised up here:

'Never excite expectations you do not intend to gratify!'

Here uncle Obed's voice grew husky.—He took a long and deep draught from his mug of cider, and then rose from the table and walked out of the room.

As he closed the door behind him, Jedediah drew a long breath, looked at me half mad and half ashamed, and then contemptuously whistled—w-h-e-w!

My foolish brother continued to flirt with Isabel, until her whole being became locked up in his. Her friends cautioned her in vain; she was blind even to the suggestion of her better judgement. At length, when he had completely triumphed over her gentle heart, he left her, for some other sweet flower, to blight as he had done this.

Isabel bore his coldness awhile with apparent indifference. But the lustre gradually left her eye, her cheeks grew pale and thin, and her fine red lips took a death-like purple hue. She murmured not against him. Her friends observed that she mingled more with the pious, and less with the gay. It was evident, however, that the machinery of her existence was gradually running down; and every day was expected to bring some story of her sickness or death. At length, she almost shunned so.

ciety, and spent her time when the weather would permit, in wandering among the hills and forests.

(Concluded to-morrow.)

NEWPORT DAILY NEWS. WEDNESDAY, NOVEMBER 4, 1846.

Agreeable to a vote of the town, at its late meeting, the Council have established a night watch, to go out at 10 o'clock.—We have heard complaints, from a number of our citizens, that the hour fixed upon is not early enough; and we would suggest to the Council, at the request of several, that if the watch are directed to commence their rounds at seven or eight o'clock, much of the noise and disturbance in our streets, during the evening, by unruly boys and fighting characters, will be prevented.

THE STEAMER RHODE ISLAND NEARLY LOST.—The steambent Rhode Island, Capt. Manchester, left Stonington for New York, on Saturday night last, at 12 o'clock; (her usual time of leaving Stonington, is 9 o'clock, but owing to the violence of the wind at that hour, it was thought inexpedient to venture out.) After she had got into the sound, they found the sea very rough, and the wind blowing a gale, and on the increase. About 6 o'clock the next morning, when off Huntington light, a sea struck her under the harbor quarter, which broke the rudder completely off, so that she was unmanageable. Two seas immediately followed, in quick succession, which made a clean breach over her, straining her so much as to brake nearly all the main braces, and shifting her freight so as nearly to throw her on her beam ends. The freight on her starboard quarter was immediately thrown overboard, which enabled her to right again. The machinery was kept in motion during this time, and the boat running in towards the land. At about 7 o'clock, the anchors were let go, while she was about half a mile from shore, and about five miles east of Huntington light. A large crowd of people assembled on the shore, but they could render no assistance, on account of the violence of the gale. The life boat was got out, but was soon dashed to pieces, and it was with great difficulty that those who were in it were saved. A letter was then sent ashore in a bottle attached to a barrel, requesting that an express might be sent to New York for assistance, which request was complied with. About 1 o'clock another message was sent ashore in the same way, requesting that lights might be kept on the beach all night. Monday morning the steamer Mohagan was dispatched to take off her passengers. She is much damaged, and had thrown about half her freight overboard. No lives were lost.

A CHANCE FOR THE B'NOYS.—\$500 Reward.—We have received a long document from Mr. Milton Hunt, of Greensboro, North Carolina, stating that his dear wife Mary had decamped with one S. P. Coffin, and offers \$500 reward for their apprehension. His dear wife Mary ought to go right straight home, and take care of her babies, and not be running off with other men.

We hope the next time Mr. Hunt's wife Mary runs away, and he wants to inform us of the fact, he will recollect and pay the postage.

Thanksgiving in Kentucky, November 29.

DISASTERS TO NEWPORT VESSELS.—The ship William Eggs, Capt. Boss, from New Orleans for New York, with a cargo of cotton, pork, and lard, went ashore on Friday morning last, on Squam Beach, which we believe is somewhere in the vicinity of Sandy Hook, on the New Jersey shore. Her cargo will be saved. She was owned by Messrs. Marshall & Casloff, and was insured at the Sun Mutual Office, in New York, for \$8000.

The brig Echo, Capt. Smith, was sunk while lying at the wharf at Havana, in the gale of the 11th. The brig Lisbon was also at Havana at the same time, and was considerably damaged. They are both owned by J. A. Peckham, Esq.

Capt. A. Williams, his daughter, and her youngest son, are the persons who were lost at Key West, that belonged in this town. We stated it wrong yesterday.

We have been favored with the perusal of a letter from Key West, dated Oct. 15th, giving an account of the terrible storm which occurred there a few days before. It contains no additional particulars to those which we have already published, but describes the awful scene very minutely. The water was about four feet deep through the town, and the current ran at so rapid a rate that stone houses were not able to resist its devastating power. Everything is in ruin, and the streets are so completely piled up with the wrecks of houses, churches, and all kinds of buildings, as to be entirely impassable, and the inhabitants were endeavoring to seek a shelter amid the general wreck of the place. A great many lives were lost, and the scene of desolation utterly baffles description.

The father of the Hon. John Estlin, of Burrillville, R. I., died at the age of 78 years, and his mother at the age of 86 years. He has eight brothers and sisters living, whose ages, including his own are as follows:—Joseph 93 years, John 85, Henry 83, Joanna 93, Martha 91, Jemimah 88, Marcy 76, Salome 73, Amey (the baby) 70—average 84 years. Oh, Methuselah!

ANOTHER PLAN.—A gentleman of Washington is about proposing to the Navy Department to blow up San Juan d'Ulloa by contract. His plan is neither mining nor undermining, nor starving out, nor bombarding, nor storming. He proposes to use a single ship, and yet to stay on board all the time, and not fire a single gun, and yet to blow that castle into flinders!

The next Congress commences on the 4th of March, 1847. The recent elections have rather altered the balance of power in both houses, so far. In 1844 these States gave 50 Democrats and 25 Whigs; this year 41 Democrats and 35 Whigs.

THE LATE GALE.—The hurricane of the 11th ult. extended to Havana, and fifty vessels, it is said, were lost in the harbor.—It caused as much destruction in the port and on the coast of the Island as the tempest of the 4th of October, 1844.

There have been twelve or fifteen shocks of earthquakes in the island of Trinidad lately. Some of them are said to have been more severe than any that have been felt there for many years. Much damage was done to buildings, and the ground was cracked in several places.

A million pounds of cheese were exported to Great Britain last week.

A large quantity of potatoes from France is expected to arrive in this country shortly.

We are authorized to say, that at the request of many persons, who were unable to visit the new Hall of Ocean Lodge, opposite the Custom House, last week, that it will be opened again this evening, for inspection. The public are invited to attend.

The Ladies will find a notice in our advertising columns addressed to them, which they should read, and after reading, act; if they do not, they never will accomplish anything in this praise-worthy undertaking.

On and after to-day, the steamer Roger Williams will leave here at 3 o'clock in the afternoon, instead of half past 3, as heretofore. See advertisement.

MARRIED.

In New Bedford, October 23d, by the Rev. Mr. Kent, Mr. Z. Allen Doughty, of Charleston, S. C., and Miss Nancy M., daughter of R. Ward, Esq., of New Bedford.

Bath, Me., April 20, 1844.

Mr. F. Brown, Dear Sir: I am much gratified in having an opportunity to announce to you, that, by the use of three bottles of your Sarsaparilla and Tomato Bitters, I have been, from a stage of general debility and decline, and continual suffering, restored to the enjoyment of good health.—For a number of years I have been troubled with the Liver Complaint, so badly at times, as to prevent my attending to business, and Dyspepsia followed, with loss of appetite, weakness and debility and a sinking and oppressive sensation at the stomach most painful and distressing, which gradually decreased my strength, and led me into a decline, and debilitated me so much as to occasion fears for my recovery; while in this situation I was induced by the persuasion of a friend, to make a trial of your Bitter's, and was most happily disappointed in finding an immediate relief; and before I had taken the contents of the first bottle, I had obtained a comfortable state of health, and before I had used three bottles, I enjoyed better health than for a number of years. This was about two years since, and my health has continued good till the present year. I must say that I have not much confidence in patent medicines, but I am satisfied, from the wonderful effects of your Bitter's in my own case, and of friends whom I have induced to use it, that it is a valuable medicine, and I take much pleasure in recommending it to my friends and acquaintances, and indeed to all who are thus afflicted, as well worthy a trial. I remain yours, Oct 28 2w PELEG SPRAGUE.

Bogle's Hyperson Fluid is becoming immensely and deservedly popular. It is unquestionably superior to any thing of the kind now in use, and those will admit it, who may test the matter. Ladies who wish the very best article in the world to give the hair beauty and natural gloss, as well as to give it a satisfactory set, should try the Hyperson Fluid. Women can just what we say, and have no fears of having the matter tested. Bogle is no less skilful and happy in his style of dressing the hair. Put your head in his charge, and see if this be not true.—Star Aug 21 2w

A certificate from the Hon. Samuel Quarles, who is well known throughout the N. E. States. Mr. James Kidder, Jr.—Dear Sir—I have enclosed a certificate in recommendation of your Dandelion and Tomato Panacea, which you are at liberty to publish if you think proper.

To THE PUBLIC.—I have suffered much for a number of years last past with the Liver Complaint, Dyspepsia, &c., and have taken various medicines, none of which effected a cure, until I took five bottles of James Kidder, Jr.'s Dandelion and Tomato Panacea, which, under the blessing of God, has restored me to comparative good health, being over 78 years of age. I can with confidence recommend said Panacea to the public as a valuable medicine. (Signed) SAMUEL QUARLES. Ossipee, June 22, 1846.

Large enough for the largest man, and small
enough for the smallest boy.

COUGHS, COLDS, BRONCHITIS, &c.
NO better article for the effectual cure of the a-
bove, and all complaints of the Breast and Lungs
was ever made, than that long known and justly
celebrated remedy, called WHITWELL'S MEDICATED
CANDY. It promotes expectoration, removes hoars-
ness, and positively without fail cures the wistful
cough, if curable, when used in connection with
the Cough PILLS, which all who purchase 4 ounces
or more of the Candy, are gratuitously entitled to.
This candy has been in successful use for 11 years,
and in no case whatever, where a cure could be
possibly effected, has it failed. It will not cure
Consumption, but it will cure Croup, Croup,
Hoarsness, and all the common pulmonary affec-
tions. It not only contains a strong decoction of
Horchound, Bonset, Boltsfoot, and various other
herbs, but the best COUGH BALSAM that can be
possibly used, such as is daily prescribed by our
first Physicians, in pulmonary complaints. All
those who have tried other Cough Candies without
success, are invited to use this, and the most in-
credulous will be satisfied that it is all it pretends
to be. Sole agent in Newport,

**Bogle's Hyperion Fluid; Or Vegetable Hair
Composition.**

THE subscriber has been induced to bring this
article before the public, at the request of his nu-
merous customers, among whom are physicians
and citizens of the first respectability, who have
adopted its use in their families, and wish others to
participate in its advantages.

The Hyperion is composed of vegetable ingredi-
ents, the secret of compounding and blending which
is known solely to the subscriber. It is an arti-
cle in which a cleansing and purifying wash is
beautifully blended with a most delicate, silky and
glossy moisture never before attained, yet free of
animal grease or essential oils. It clears the pores
of the skin, causes a healthy action in the blood
vessels, nerves, &c., which feed the hair, thereby
preventing BALDNESS AND GREY HAIR.

It entirely frees the skin from Scurf, Dandruff,
and other cutaneous diseases, disposes the hair to
curl, and changes the hardest hair into the most
soft, glossy, and healthy state, also imparts to it a
dark color, and the free use of it, both on the
skin and hair, in a most healthy and luxuriant
state until the latest period of life.

Ladies will find the Hyperion a great addition to
the toilet, both on account of its delicate and agree-
able perfume, and the great facilities it affords in
dressing the hair, which, when moist with the fluid,
can be dressed in any required form, so as to
preserve its place, whether plain or in curls—
When used on children's heads, it lays the founda-
tion of a good head of hair.

DR. BANNING'S PATENT LACE!
An immediate Relief to Incipient Consumption, the Bronchitis of Public Speakers, Palpitation of the heart, Dyspepsia, Spinal Weakness, Piles, Pruritus, and Diseases of Women, without Medicines.

THIS instrument has been examined by Drs. Mott, Rodgers, Francis, and Grison of New York, the faculty of Pittsburgh, Hartford, New Haven and Middletown, and has obtained for itself their favorable testimony. The following will show what kind of testimony might be produced in many cases:

Middletown, June, 25th, 1843.

Dr. Boardman, Sir—In answer to your inquiry respecting my case, I will merely say, that I have been sick since I strained my breast and loins in May, 1836, from that time continued to grow worse, when in the fall of '39, I abandoned business, and have not done any thing since. I suppose from all I could learn about my case—frequently raising blood, coughing very hard and expectorating profusely, deriving no benefit from my physicians, and all medicines recommended to me, that my case was hopeless. Last winter my brother told me he had heard a good account of Dr. Banning's Lace in such cases, and was anxious that I should try it; accordingly I procured one from you, and since I began to wear it, my breathing, which was very short and laborious, has become easy and natural; the pain and fluttering or palpitation of the heart has subsided; cough and expectoration greatly lessened, my limbs which were exceedingly painful have become useful; so that I can walk comfortably. I am able to shave myself with comfort, which for many years I have not been able to do. The piles, which have troubled me for nine years, are nearly eradicated. I work some in the garden, and am able to ride 4 miles at once with pleasure and benefit. Yours, &c. WM. BANNING.

Middletown, June 25, 1843.

Dr. Boardman, Dear Sir—In answer to your inquiries respecting the effect of Dr. Banning's Lace in the case of my wife, I will state that for twenty years past, she has been afflicted with a complication of complaints to which females are subject. She has tried all the physicians and all the medicines recommended for such complaints, without regard to expense, and found only temporary relief. Her most distressing complaints, palpitation of the heart, oppression and a sense of great weight at the pit of the stomach, prolapsus of the womb, &c., were believed after wearing the lace two hours, and she has continued to improve daily. With this view of the case I cannot use language strong enough to convey my approval of the instrument. aug. 29th.

STEPHEN BROOKS, JR.

PROVIDENCE, Feb. 26, 1846.

Doctor Boardman, Dear Sir—I now take my pen to inform you that my wife's health has improved very fast for the last two weeks from wearing one of your Laces. She has been out of health about two years and has worn a different Supporter or from yours, which had only two pads. She received some benefit from that—but it would not produce a cure. But now I can say with pleasure that she is as smart as any of the young girls in the neighborhood. She can now run up and down stairs as fast as I can, and I feel so well pleased with it that I hardly know how or what to write. But one thing I do now, that she has been under the care of seven Doctors in one year—and wearing your Lace two weeks has or will do the cure in a very short time. I want to write more, but I have no time. I am truly, your friend and well wisher. J. * *

From the Brooklyn Daily Advertiser.

—A BEAUTIFUL YOUNG LADY residing in W. street in this city, has received great and unexpected benefit from the use of that excellent specific RADWAY'S CHINESE MEDICATED SOAP. Some few weeks since she was on a visit to some of her relatives in South New Jersey, where she was very severely bitten by mosquitoes, being at the same time very much exposed to the scorching rays of the Sun, she experienced great pain, and irritation from the effects of the mosquito, and much annoyance from the unnatural darkness of her tanned complexion. We recommended her to use that excellent Medicated Compound, RADWAY'S CHINESE MEDICATED SOAP, she complied with our request, and in three days there was not a single spot, bluish, pimple or blotch left upon her skin, and her complexion is now as fair as the lily.

Ladies, secure without delay a cake of this inestimable Soap, it will purify your skin, improve your complexion and remove all disfigurements entirely from the surface of your system. Price 12-13 cents per cake. Sold in Newport by R. J. TAYLOR, Agent. Aug 7

It is now about ten years since this medicine has been introduced to the public, and it stands unrivalled in its effects, bearing the test of the severe scrutiny of all classes, both friendly and unfriendly. It is but for one purpose—for the use of Mothers who have to pass through a sea of affliction in giving birth to mankind, not to be described. It is to you we make an appeal. It is for your especial and general good that you should make use of one bottle of the MOTHER'S RELIEF before confinement. Then you can approach the parturient chamber without feeling as if you were going to the chamber of death. You may rest assured it will still all ferile and nervous affection. It soothes and shields from irritation and by its peculiar properties it destroys the cause of hemorrhage or inflammation that so often attend and follow the hour of parturition. It causes sweet and natural rest, and at last facilitates the birth, so that Mothers have not to pass through such excruciating pain and distress. The Mother's Relief may be depended upon in all cases of threatening abortion where it is possible to be prevented in cases of Spasms, &c., causing frequent alarm, from two to three doses will give immediate relief.

As the subject is one that cannot with propriety be fully discussed in this public manner, we invite all who feel interested to call on our agents (most of the respectable Druggists in the United States,) or on the manufacturer, and they will be furnished with a pamphlet in which they will find all the facts to form a correct opinion of its merits, and also the opinions of many physicians of eminence, and of persons who have become acquainted with its beneficial effects.

CAUTION TO PURCHASERS.—Ask for BARTHOLOEW'S Mother's Relief. None is genuine unless our signatures are found within the wreath of the direction that is pasted on the bottle, signed with our own hand, and over the neck of the bottle is a facsimile of our own hand writing also. By attending to the above directions, no one need be imposed upon. All orders will be promptly attended to.

LORRAINE'S PILLS.

All persons require. Kinds. DR. LORRAINE'S CURATIVE SYSTEM OF MEDICINE is rapidly producing achievements never before known in the cure of diseases. The immensity of its wonderful results, alone demonstrate that its principles must be founded on truth. The relative proportion of Cures by this Medicine is out of all proportion greater, than by any other Medicine known.

THE THEORY is, that one blood beats in the bosom, and flows through the body of every man, and must be pure, it is the Vital Principle that sustains life.

Physicians, and people of every class are willing to come forward and announce, in the most public manner that they have been cured of long standing complaints—after another medicines had failed. In fact there can be no doubt but that Lorraine's vegetable Pill is the best medicine ever offered to the public.

See a few public statements of such of truth and virtue.

Lynn, Dec. 17th, 1843.

Sir: I have sold all the pills I had had of you, please send another lot immediately. The sale of Lorraine's vegetable Pills is rapidly on the increase, they are becoming very popular. I tell more and more every day. As a curative medicine and purifier of the blood, I think they stand unrivalled. One that I have noticed, that no one that has used them finds any fault with them; they have wrought some very great cures. One lady, who has been confined to the house and bed, a great part of the time, for twenty years, is now cured and able to work most of her time, after having taken 3 boxes only of Lorraine's Pills! I might name many other cases where the cures have been as great, but have not time. Yours respectfully,

J. E. P. MARSH.

Portland, Me., Nov. 7th, 1843.

Sir: Please send us one gross of Lorraine's Pills, we have sold all we had last. They have given very good satisfaction, better than any other pills which we have in our market. I think in a short time they will take the place of others. We have had no fault found with them whatever; but, on the contrary, they have been praised loudly. I think we could have quite a number of highly respectable certificates from our citizens. Yours respectfully,

E. MASON.

Chick, a. Jan. 3d, 1844.

Sir: I transmit to you an account of my case for publication, believing it to be my duty. I have been confined with the Rheumatism nearly the whole winter, have had some of the best physicians of Boston and could get nothing that would relieve me more than temporarily. I heard of the wonderful virtue of Lorraine's Pills, I had no faith whatever, but I took them, and it is a solemn fact that when I had taken but eight pills! my Rheumatism had entirely left me, and I have remained well ever since.

N. B. I never took more than one pill at a time and that on going to bed.

Yours respectfully, W. M. HALSTAD.

OPINION OF A SKILFUL PHYSICIAN. Sir, the operation of Lorraine's Pills is past any philosophy to find out, how so small a Pill can produce such wonderful effects. I find that one of them will operate more than 3 or 4 of any other Pill, yet in their operation, mild, gentle and comforting. On this account, they are more than 100 per cent, cheaper, as physis, than any other Medicine I know of.

These Pills are now acknowledged by thousands who take them daily, to be the only medicine that fairly takes the Banner from all others. This extraordinary medicine has actually done WONDERS within one year past. They cause no pain or uneasiness of any kind in their operation, and require neither change of diet or care of any kind.

The attention of the reader is respectfully called to the important results from the use of these Pills. It will be seen, however great achievements have heretofore been made by the use of this invaluable medicine, still greater and more remarkable cures daily happen.
